PROFESSIONAL SUMMARY

Junior Frontend Developer and UX/UI Designer based in Buenos Aires, currently finishing a Bachelor's in Multimedia Arts at Universidad Nacional de las Artes. I build responsive, mobile-first interfaces using HTML5, CSS3, and JavaScript, with hands-on UX knowledge applied to real client projects. Bilingual in English and Spanish (C1 Advanced). Fully remote-ready with 6+ years of experience in digital environments.

TECHNICAL SKILLS

Core: HTML5, CSS3, JavaScript, Responsive Design, Mobile-First

Design: Figma, Canva, Adobe Suite, UX Research, Wireframing, Prototyping

Creative: p5.js, Video Editing, Visual Communication

Tools: Git, GitHub, VS Code, Notion, Trello, Google Workspace, Microsoft Office 365

Learning: React, Full Stack Development (Digital House), AWS

Languages: Spanish (Native), English (C1 Advanced / Near-Native), Portuguese (A2), German (A2)

PORTFOLIO PROJECTS

- VNS Matrix — Full website design and development from scratch. Responsive layout, custom components, Easter egg interaction. Live: camilamihalyczo-dotcom.github.io/tp-2-info-general
- Netianas — Published site with functional contact form via EmailJS. Mobile-first design, deployed on Vercel. Live: netianas.vercel.app
- Fle Cookies — E-commerce landing page. Mobile-first, conversion-focused layout. (Deploying soon)
- Simply Shopping — UX/UI case study in Figma. Mobile e-commerce app, focused on accessible and frictionless shopping experience.
- Agile Technology — Responsive UI design in Figma. Split-layout sign-up flow for a B2B tech product.

PROFESSIONAL EXPERIENCE

Freelance Frontend Developer | *Self-employed — Client Projects* | 2022 – Present

- Designed and developed client websites from scratch using HTML5, CSS3, and JavaScript.
- Applied mobile-first and responsive design principles across all projects.
- Collaborated directly with clients on UX decisions, layout, and branding.

Marketing & Community Manager | *WeWant Digital Agency / Autonomous* | Mar 2023 – Present

- Managed digital communication and content strategy for multiple brands across social channels.
- Created visual content using Canva and Adobe Suite — posts, stories, flyers, brand kits.
- Coordinated content calendars, Meta Ads campaigns, and client workflows remotely.

Director & Team Leader — Operations | *AIESEC in Argentina* | Feb 2021 – Feb 2022

- Coordinated international exchange logistics, documentation, and stakeholder communication.
- Managed team workflows and cross-border communication across global teams.

Customer Service & Sales Consultant | *Activo Contact Center* | 2017 – 2018

- Handled high-volume inbound and outbound calls for financial and customer service campaigns.
- Navigated multiple software systems simultaneously to resolve customer issues.

Bilingual English Tutor | *Self-employed* | 2015 – Present

- Managed scheduling, billing, and client coordination for multiple students in a remote environment.
- Developed bilingual communication content and materials for diverse student profiles.
